Allergies and stuff, we help where we can, we are just a pub, give us a little warning and we can do almost anything, the folk in the village  
grow, trap, shoot and steal some really cool stuff so we are sure to get you something! Not all of the above is true! Just a little fun!  
Serious statement, we have a small kitchen and cannot guarantee trace of all food stuffs across all areas, if you have a serious condition,  
please make sure the staff know.
